DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I, claims 1-32, in Paper No. 4 is acknowledged.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 12-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claims 12-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim. In this instant, the "epitaxial growth layer" and "extensions" should be labeled as —extensions of the S/D regions—to make clear that there is no layer or material in between the channel and the S/D, which is by definition impossible.

Allowable Subject Matter

5. Claims 1-11 and 26-32 are allowed.
6. The following is a statement of reasons for the indication of allowable subject matter: the cited prior art, individually or in combination, does not disclose or suggest all of the claimed elements in the present application wherein, to prevent the junction

leakage in the grain boundary of a FET, an epitaxial growth extension S/D regions is formed on the exposed portion of the channel region.
